

TJ325LP

3-1/4 TON FLOOR JACK

Low entry height of 3-1/2" for greater access

Wide front wheels for stability

12-1/2" throw provides access to hard-to-reach lift points

Thick side plates and reinforced lift arm for added strength/durability, and minimizes chassis torsion

Dual pump pistons quickly raise saddle to the lift point

Ball bearing-mounted swivel casters for maneuverability

Two piece handle with bumper pad to help prevent damage to vehicle
